

Locality Briefing

22/07/22

Balfour Beatty

Herefordshire Council

Working for Herefordshire

If you spot a defect on the network, you've got two options for reporting it:

You can report any non-urgent issues via the Herefordshire Council website or via the Reporting App
For any urgent issues or emergencies, call our Customer Services Team on 01432 261800 - available 24/7

When you report issues this way, we can make sure everything is properly logged, assessed, and allocated to the right teams as quickly as possible. You can check the progress of a defect, or see if it's already been logged, via the progress map on Herefordshire Council website.

Works completed this week

What I've been up to this week

This week I have completed the monthly Walked and Playground inspection. I have also attended enquiries, emergencies and assisted a colleague with 2 annual inspections.

Fast Facts:

2 Inspection Completed

17 Enquiries This Week

1 self generated works

5 Jobs raised

Update on Verges

We are working closely with Verging on Wild on the protection of the fauna and flora on identified RVNR sites but as the grass and flora grows, where a safety concern becomes apparent regarding road users this will take priority. If a member of the public reports a safety concern a LS will be sent out to investigate and assess the site. If it is found the safety of road users is impeded the steward will raise a job to have an area of the verge cleared to ensure a clear visual splay for road user safety. Every effort will be made to ensure as much of the wild verge is left untouched as practically possible.

Self generated works

Before

After

Traffic sign re positioned at Pontshill.

Matt Brookes

Ross East, Ross North, Ross West,
Kerne Bridge and Penyard.

What's coming up

Next week I am on annual leave, returning on Monday 1st August.
