Hi Everyone,

This week has been a busy week across the contract, there have been a significant number of statutory inspections completed already, our winter maintenance team have been back out gritting twice most days and our operational control hub celebrated its 2nd anniversary.

What's coming up & other news

Week Commencing 13/02/2023

Next week I will be assisting colleagues in other localities with their statutory inspections as well as my usual endeavour to attend all my enquiries and all emergencies!

Self-Generated Works

When I am out and about on the network and I have the capacity, I undertake simple maintenance jobs providing it is safe to do so and requires no traffic management

Due to the significant number of statutory inspections this week, I have not been able to complete any self-generated works. (however I have got a list of signs I've noticed that need cleaning!)
