Ross Town Locality Wards

Kerne Bridge, Penyard,
Ross North, East & West

Completed this week & what's coming up

Hi everyone, Apologies that there was no briefing last week, I had some last minute arranged time off! This week I have come back straight into my monthly C road inspections and quarterly accident site inspections. I have also had a selection of site visits addressing some new and ongoing issues around the locality.

Next Week :

Next week I start the Ross town annual U road inspections, this inspection is approximately 140 features (roads) and is the annual inspection of most of the town residential roads.

Weekly Fast Facts

Enquiries: 30
Defects Raised: 28
Emergency Jobs: 4
Self-Completed Jobs: 25

Community Commissioning Reminder

The purpose of Community Commissioning is to find cost-effective ways for local communities to progress schemes for which Herefordshire Council funding is no longer readily available. It enables communities to enhance their local area and address their local needs. Any service that is within the current scope of the Public Realm contract (i.e. delivered by Balfour Beatty Living Places) can be considered, subject to approvals. This can be from a simple purchase of routine services or materials, location/street name plate signage or the purchase of litter bins, to the identification of solutions and approaches to more complex issues requiring assessment and design works.

If there is a Community Commissioning Model project that your Parish Council would like to consider procuring BBLP to assist with, please contact Molly Walters via the Communities@balfourbeatty.com inbox.

Self-Generated Works

When I am out and about on the network and I have the capacity, I undertake simple maintenance jobs providing it is safe to do so and requires no traffic Management.

C1277 Wonkey Donkey signage cleaned by LS

C1281, Aston Crews Vegetation cut back below sign on junction

Completed Jobs this week by ward.
(Completed between last Wednesday and 23:59hrs this Wednesday)
