Hi Everyone,

Firstly, Happy New Year! It was great to meet you all in 2022 and I look forward to working with you all through 2023.

A slightly shorter week for me this week however its been rather busy catching up on enquiries.

### What I've been up to this week

#### INSPECTIONS COMPLETED/UPCOMING

This week I have assisted a colleague by driving for them as they complete their A road inspection.

### What's coming up & other news

#### Week Commencing 09/01/2023

Next week I will be completing my monthly A, B, C & U inspections.

I'll also be assisting a colleague with a few inspections in a different locality.

On Monday I will be on a training course in relation to the winter maintenance side of the contract.

To Note :

There are usually 2 pages to the briefing, the second page normally contains the 'completed works' section. Unfortunately I am still awaiting the report that provides this to be set to sent to me, I have chased this with our IT team. (06/01)

### Reporting Defects on the network

Please could I ask that all defects on the network are reported through the correct channels.

#### Online (general non-emergency enquiries)

Report problems on the road – Herefordshire Council

Or

Home - report app ([herefordshire.gov.uk](https://www.herefordshire.gov.uk))

#### Phone (anything deemed an emergency)

01432 261800

### Self-Generated Works

When I am out and about on the network and I have the capacity, I undertake simple maintenance jobs providing it is safe to do so and requires no traffic management.
